yes- Best pollination, pollen is compatible and blooms in sync.

ok- Pollen compatible but bloom is somewhat out of sync, cross pollination is likely to be good most years, with perhaps 25% less yield.

poor- Pollen compatible but bloom is very out of sync, could have 50% less or worse reduced yield from cross pollination, but some years could be fine.

no- Pollen is not compatible, or very out of sync, unlikely to work most years.
