

# Haskap Days

We will be attending Haskap Days this summer, from July 19-22 at the University of Saskatchewan. Activities will include Haskap school with Dr. Bors, tour of the University of Saskatchewan's Haskap fields including tasting of Haskaps, a research symposium, and touring of other Haskap farms organized by Haskap Canada. This will be a great learning opportunity for all who attend. Look for our booth during the tradeshow and our donation of Haskap plants to the silent auction or door prize.
